

Virtual Poster Session Platform Navigation Guide

Uploaded Agenda

On the platform, under our “Program, Project Video Updates and Q&A” poster, you can find the agenda for the event. This contains the time slots for each of the “tracks” or themes that each poster falls under. You can also see the time for which each presenter will be available by navigating to the bottom of each poster.

Below are the tracks into which our posters will be divided throughout the day:

- Community Engaged Research & Partnership
- Clinical Research & Supports
- Knowledge Translation & Exchange
- Training & Capacity Building
- COVID-19: Research & Virtual Care

Further, we will also be hosting two Brainstorming Sessions during which questions will be posed to the community and we will guide discussions regarding patient-oriented research and child-health.

2021 CHILD-BRIGHT Virtual Symposium
Wednesday, May 26
AGENDA

	Time (PDT)	Time (EDT)
CHILD-BRIGHT Project Video Updates + Q&A	8:00 AM – 9:30 AM	11:00 AM – 12:30 PM
Poster Session:		
Community Engaged Research & Partnership	09:30 AM – 10:10 AM	12:30 PM – 1:10 PM
Clinical Research & Supports	10:10 AM – 10:30 AM	1:10 PM – 1:30 PM
Brainstorming Session #1	10:10 AM – 10:50 AM	1:10 PM – 1:50 PM
Knowledge Translation & Exchange	10:30 AM – 10:50 AM	1:30 PM – 1:50 PM
Training & Capacity Building	10:50 AM – 11:10 AM	1:50 PM – 2:10 PM
Brainstorming Session #2	10:50 AM – 11:30 AM	1:50 PM – 2:30 PM
COVID-19: Research & Virtual Care	11:10 AM – 11:30 AM	2:10 PM – 2:30 PM

Project Updates and Q&A ★

CHILD-BRIGHT Network | Réseau BRILLENfant

Abstract
Welcome to the 2021 CHILD-BRIGHT Virtual Symposium!

View our welcome video and general introduction to the symposium (to be posted shortly)

Today's session is divided into two components:

(1) CHILD-BRIGHT Project Video Updates + Q&A (8-9:30 AM PDT/11 AM-12:30 PM EDT)

Join us for a series of short recordings from CHILD-BRIGHT's research projects. Hear about the project teams' accomplishments and their hopes and dreams for the work moving forward. Following these short presentations, representatives from projects will be on hand for a Q&A. Click the "Chat with Presenter" button below to access the webinar at 8 AM (PDT)/ 11AM (EDT).

Navigation by Keywords

Through the platform, as you can see below, you have the option to “Filter displayed posters”, which is done by the use of keywords. You can select the words you are interested in, and once you scroll down, the posters that contain those terms will be shown first for ease of access.

Let's dream together as we look forward with project updates, posters, and questions

2021 CHILD-BRIGHT Virtual Symposium
CHILD-BRIGHT Network | Réseau BRILLENfant

The 2021 CHILD-BRIGHT Virtual Symposium is an ideal venue for all health professionals, researchers, and patient-partners to share project updates in an interdisciplinary setting. The virtual event will highlight the extensive, ongoing, and innovative activities in patient-oriented research projects that are investigating childhood brain-based disability.

Please be sure to register to receive up-to-date information leading up to the session!

We will kick off the event with a video update and Q&A session with the CHILD-BRIGHT research projects. This will then be followed by a poster session. Below you'll find posters organized by theme and time. You can also find posters using the search field and keywords to the right. Click on any poster to view its full-size version. At the designated timeslot, click the blue button to watch the presenter's live presentation via

Filter displayed posters (126 keywords)

Patient-oriented research (3) knowledge translation (3) COVID-19 (2)
 Children with disabilities (2) Leisure (2) Online activities (2) Pain (2) Parents (2)
 Participation (2) patient-oriented research (2) qualitative research (2) training (2)

Search posters

Show Posters: with Video Chat

For instance, let's say we are interested in looking at presentations that relate to the current COVID-19 pandemic. We would then click on the tag "COVID-19", and it would show up on the search bar:

Filter displayed posters (126 keywords)

Patient-oriented research (3) knowledge translation (3) **COVID-19 (2)**

Children with disabilities (2) Leisure (2) Online activities (2) Pain (2) Parents (2)

Participation (2) patient-oriented research (2) qualitative research (2) training (2)

show more...

🔍 COVID-19

You can then scroll down through the page and see the posters that relate to that keyword. The chosen word(s) will be highlighted on the abstracts and keyword sections of the posters to allow for ease of visualization. See below for an example:

▼ 6. COVID-19: Research & Virtual Care Back to top

Ensuring equity and inclusion in virtual care best practices for youth with pain and medical complexity ★

Gillian Backlin (1,2), Isabel Jordan (1), Laesa Kim (1), Justina Marianayagam (1,3), Tiegghan Killackey (5), Corinne Lalonde (2), Frank Gavin (1,2), Tim Oberlander (4), Hal Siden (4), Jennifer Stinson (5), & Kathryn Birnie (6)

Abstract

Background: The **COVID-19** pandemic necessitated a rapid and large-scale shift to virtual care. We conducted a rapid systematic review in May 2020 to identify best practices for virtual care for youth with chronic pain and their families. This knowledge synthesis was summarized in a 1-page infographic (available at www.partneringforpain.com/virtual-care) and highlighted recommendations for leveraging and implementing virtual care, selecting platforms, and knowledge gaps. Although youth with medical complexity often experience pain, their perspectives were not represented in the available scientific literature.

Organization of the session using tracks

Our sessions are currently organized based on themes, by "tracks", and those can also be used to allow for ease of navigation. All the tracks are listed at the top of the main page. To navigate the sessions using those tracks, you simply click on the one you are interested in and scroll down, similarly to what is done for keyword searches. The platform will take you directly to the posters that relate to that specific theme. See below for representation:

Please be sure to register to receive up-to-date information leading up to the session!

We will kick off the event with a video update and Q&A session with the CHILD-BRIGHT research projects. This will then be followed by a poster session. Below you'll find posters organized by theme and time. You can also find posters using the search field and keywords to the right. Click on any poster to view its full-size version. At the designated timeslot, click the blue button to watch the presenter's live presentation via videoconference. If you have any connection difficulties, please join us in **the CHILD-BRIGHT Virtual Helpdesk** throughout the day!

Attending Presentations

Once the time slot for the poster session you are interested in comes around, you can then join the live presentation that each presenter will be hosting by navigating to the poster of interest, and selecting “Chat with Presenter”, at the bottom right of the poster. This will prompt you to open a Zoom link for a room which will be hosted by the presenter. There you can listen to their presentation, and ask questions as needed. Sample button below:

Available 9:50-10:10 AM (PST) / 12:50-1:10 PM (EST)

Voting For Your Favourite Posters

This year, we are inviting input from the audience to assist in our adjudication process for poster evaluations. You will have the option to vote for the posters that you liked the most by clicking a star on the upper right corner of the poster’s entry. We urge you to provide your input as the audience’s perspective is invaluable in the evaluation process.

See below for what the “voting” feature looks like on the platform:
